SAM and Dow Jones Indexes announce results of the Dow Jones Sustainability Indexes Review 2010

SAM, the investment boutique focused exclusively on Sustainability Investing, together with Dow Jones Indexes, a leading global index provider, announces today the results of the 2010 annual review for the Dow Jones Sustainability Indexes.

Following SAM's largest global analysis of corporate sustainability leadership, 48 companies will join the Dow Jones Sustainability World Index (DJSI World), while 46 firms will be deleted – resulting in a total of 318 index components. The largest additions (by free-float market capitalization) to the DJSI World include Standard Chartered, Morgan Stanley and ArcelorMittal while the biggest deletions (by free-float market capitalization) from this index are Toyota Motor, Royal Dutch Shell and UniCredit.

The review also results in 27 additions to and 19 deletions from the European Dow Jones Sustainability Europe Index, 19 additions to and 22 deletions from the Dow Jones Sustainability North America Index, as well as 36 additions to and 25 deletions from the Dow Jones Sustainability Asia Pacific Index. All changes will become effective with the opening of equity markets on September 20, 2010.

The DJSI follow a best-in-class approach and include sustainability leaders from each industry on a global and regional level respectively. The annual review of the DJSI family is based on a thorough analysis of corporate economic, environmental and social performance, assessing issues such as corporate governance, risk management, branding, climate change mitigation, supply chain standards and labor practices. It accounts for general as well as industry specific sustainability criteria for each of the 57 sectors defined according to the Industry Classification Benchmark (ICB).

In addition, SAM also identified the top company for each of the 19 Supersectors that the 57 sectors roll up to. The new 2010/2011 Supersector leaders are Air France-KLM (Travel & Leisure), AkzoNobel (Chemicals), ANZ Banking Group (Banks), BMW (Automobiles & Parts), EDP Energias de Portugal (Utilities), GPT Group (Real Estate), Investimentos Itaú (Financial Services), Lotte Shopping (Retail), Nokia (Technology), Pearson (Media), Philips Electronics (Personal & Household Goods), Roche (Health Care), Sasol (Oil & Gas), Siam Cement (Construction & Materials), Swiss Re (Insurance), Telefónica (Telecommunications), TNT (Industrial Goods & Services), Unilever (Food & Beverage) and Xstrata (Basic Resources).
